

At Melton Design Build, we specialize in converting our client's dreams into reality with our award-winning residential design and construction services. If you'd like a rewarding position with an organization who promotes a strong work-life balance, respect among its employees, excellent benefits, and is a fun place to work, we'd love to talk to you!

WHO WE ARE:

Based in Boulder, Colorado, Melton Design Build is one of the top Design Build firms in the country. With a focus on having ecstatic clients and happy employees, we have made it possible for hundreds of Boulder County residents to enjoy well-designed homes that complement their lifestyles.

HOW YOU CAN HELP:

Melton is looking for an outgoing, organized, team player, with technical skills in Revit and cabinet layout, to join our design team as an **Interior Designer**. This role is an essential part of our design team, and will help our clients' visions come to life. This talented and creative individual is passionate about design and the impact it can have. Interior designers frequently meet with clients to help bring beautiful, functional, and cost effective designs to fruition, and must be great at helping clients make decisions. This person is responsible for fully designing kitchens, baths, and other general space planning, including finish selections and specifications. In this role the designer also works closely with our production and sales teams: thorough communication is essential.

WHAT YOU WILL NEED:

- Degree in Interior Design or Interior Architecture
- Excellent client communication skills
- Excellent organization and project follow through
- 4+ years experience with residential space planning, schematic design, design development, and construction documents
- 4+ Years experience with CAD or related software (Revit preferred)
